To Whom it may concern at the FCC: Get a life, and stop messing with mine by telling me what I can and can't listen to. It's bad enough that you are trying to take away any and all entertainment, much less traffic and weather information. Take a day off, go play golf with the money you recieve from myself and other taxpayers and think to yourself why your life sucks so bad and what you can do to fix it instead of taking it out on everyone else. Reject NAB's petition 04-160. Have a great day.
